

5701-02 Bano non-adjustable shower seat

5701-02 Bano non-adjustable shower seat

Ergonomic shape and tempered surface

Bano shower seat features a range of benefits. It is ergonomically shaped and covered with structural foam to provide a soft, tempered surface. There is a hole in the middle to allow the water to run off. Easy to clean.

The wall mounted fixing brackets provide a solid construction, and the shower seat has been load tested to 500kg. The seat can be folded up against the wall when not in use.

Materials

- Seat: structural foam with polyurethane coating
- Fixing rails: natural anodized aluminum alloy
- Plastic caps: injection-moulded polypropylene
